

PLEASE BRING TO MEETING
ON 8 JULY 1998.

COLNEY HEATH PARISH COUNCIL

MINUTES of the meeting of Colney Heath Parish Council held at the Pavilion, High Street Recreation Ground, Colney Heath on Wednesday 10 June 1998 at 7.30 p.m.

PRESENT

Cllr. D. Crump (Chairman)
" C. Brazier
" F. S. Ellis
" R. Fitch

IN ATTENDANCE

D. Becker - 95 High Street
K. Bond - Mental Health Manager
Mrs. J. Jeffrey - 18 Roestock Gardens
Mrs. H. Lynch - 335 Camp Road
J. Lynch - 335 Camp Road
M. Makin - Bryant Homes
Mrs. G. Moody - Greenleas, Roestock Lane

Mrs. C. Pluck - Clerk to the Council

APOLOGIES

Cllr. Mrs. Defoe - unwell
" Mrs. Mascoll - work commitment
" Miss A. Thomas (work commitment)

ABSENT

Cllr. Mrs. Doyle

The Chairman introduced Mr. Kevin Bond - Mental Health Services Manager for Dacorum and St. Albans - who had been invited to the meeting to speak to Councillors about resettlement of former Napsbury Hospital patients within the Highfield Estate.

Mr. Bond explained that the intention was to accommodate people in homes most suitable to their needs. Some people had lived in Napsbury Hospital for over 40 years and it was considered that they were capable of living in smaller homes accommodating up to 18. The three units planned would all create a homely environment which some of the people had been deprived of in the past. The units would all have 24-hour staffing and anyone who found it difficult to adapt would be moved to alternative accommodation at the City Hospital.

It was considered important to accommodate ex-patients in an area they were familiar with while siting them away from busy streets, in secluded houses, which blended in well with neighbouring properties.

There would be no mini-buses continually visiting the units and Mr. Bond assured Councillors that no further Care in the Community facilities were planned for the Hill End area.

He also undertook to speak personally to any parishioners who were at all worried by the plans to accommodate ex-patients close to their properties.

The Chairman thanked Mr. Bond for attending the meeting.

1. MINUTES

The Minutes of the meeting held on 13 May 1998 were taken as read, confirmed and signed as a true record subject to the following amendment:

Page 9 - Recreational Areas

Insert "Smallford" before "playing field" in the penultimate line.

2. MATTERS ARISING

Page 2 - Fixing of Meeting Programme

Received a letter from the Open Spaces Society confirming that Rogation Sunday would be on 9 May 1999.

RESOLVED to include the date for the 1999 Beating the Bounds of the Common in the Chronicle.

Page 4 - Land at Church Lane

Received a letter from the Council's Solicitor confirming that all past and present owners or tenants of a former land fill site could be responsible for any claims against contaminated land.

RESOLVED to send the EA report on the sites at Tyttenhanger and Church Lane to the Solicitor for further consideration.

Page 4 - Community Policing

Received a letter from Superintendent Westwood confirming that officers from London Colney were still covering Colney Heath while the community officer post was being advertised.

RESOLVED to ask Cllr. Mrs. Mascoll if she had attended the PCP meeting on 10 June and if so whether the matter had been discussed.

Page 4 - Community Park

Received a list of recommended tree contractors from the CDC Trees & Woodlands Officer.

RESOLVED to seek two additional quotes for the work required to the Willow trees in the Community Park.

Page 5 - Public Transport

Received confirmation from Universitybus that a new service between Enfield and Hatfield would commence in September 1998 with regular buses through Colney Heath to Hatfield Town Centre.

RESOLVED to ask Universitybus to inform the Editor of the Chronicle of the exact date that the new service would commence.

Page 6 - Best Kept Village Competition 1997

The Clerk reported that Smallford Residents Association had asked if the Parish Council could hold the sums awarded 1996 and 1997 BKVCs until the money could be put towards a new bench in the Smallford Playing Field site.

Page 9 - Recreational Areas

Received a letter from the CDC confirming that an order had been placed to repair the broken fence at Sleafshyde Garages but that no plans had been made for the future of the garage area.

RESOLVED to arrange a meeting with the two District Councillors, the Chairman of the Parish Council and local residents to discuss plans for the garage site and to ask the District Councillors to pursue the matter on behalf of the parish.

2. MATTERS ARISING (CONT.)

Page 10 - Smallford Trail

Received letters from the CDC confirming that the three security gates would be replaced at the end of May. The gap in the fencing at the Hill End crossing had been caused by alterations to the road layout but due to financial constraints, the CDC was unable to confirm a date for repair work.

Page 10 - High Street Flooding

The Clerk reported that work to alleviate flooding had commenced although no formal response to the Parish Council's letter had been received.

3. CHAIRMAN'S ANNOUNCEMENTS

The Chairman had no items to report which had been notified to him since the last meeting.

4. SPECIAL BUSINESS

a) Peter's Green to South Mimms Gas Pipeline

Cllrs. discussed the progress of the pipeline route across the Common.

RESOLVED to ask Martin Hicks (HERC) to check that seed collection and hawthorn removal had been undertaken as agreed.

Received a letter from the resident of no. 41 High Street outlining his concerns over the removal of young oak trees along the top of the Common.

RESOLVED to inform the resident that the Parish Council had objected to the proposed gas pipeline from the outset but were unable to prevent it nor redirect it away from the Common. The least damaging route had been identified after extensive consultation with various environmental experts who were continuously monitoring the project.

5. FINANCE

a) Parish Council Accounts

Received copies of all emergency accounts, having previously been circulated to all Cllrs.

RESOLVED that the Chairman's action in authorising the signing, out of meeting, of all emergency cheques be confirmed and that cheques be drawn to cover all current accounts.

b) Charity of Charles Morris for Allotments Accounts

Caroline Pluck, as Honorary Clerk to the Trustees, presented an up-to-date financial report.

c) 1998 Audit - Approval of Accounts

Received the 1998 Audit statements and balance sheet for approval before submission to the Auditors on 11 June 1998.

RESOLVED to approve the 1998 Audit statements and balance sheet for signature by the Chairman and Clerk.

Cllr. Ellis proposed a vote of thanks to the Clerk for her efforts in completing the 1998 Audit.

6. PLANNING

a) Planning Applications

Received weekly lists of planning applications from St. Albans City & District Council.

Cllrs. considered comments collated by the Planning Applications Officer as circulated since the last meeting.

5/98/0784 Dormer at side and rear at 52 Tollgate Road

OBJECTIONS

1. This is visually intrusive, overbearing and out of character with the street scene.
2. The Parish Council urges refusal under Policy13.

6. PLANNING (CONT.)

5/98/0724CE Certificate of Lawfulness (existing) for use of farm buildings for commercial use at Roe Hyde Farm, Roestock Lane, Colney Heath.

The Parish Council supports the objections made by St. Albans District Council and Welwyn Hatfield District Council.

5/98/0726 Free standing pouch box (double) at grass verge at the Junction of Roestock Lane and Bullens Green Lane.

No objections

5/98/0762 Front porch extension at 119 Colney Heath Lane.

No objections.

5/98/0764 First floor side extension at 12 Smallford Lane

No objections

5/98/0772 Single storey front and rear extensions at 96 Tollgate Road

No objections

5/98/0800 Extensions to form valeting bay and secure storage area at Porsche Centre, Lyon Way.

No objections

5/98/0880 Showroom sliding doors, access ramp and reception porch/lobby at H.R.Owen, Lyon Way

No objections

5/98/0932 Retention of portable building and siting of further portable building at Cleanaway Site, Acrewood Way.

No objections but Parish Council would suggest temporary permission for extra portacabins and revise level of activity later. Existing conditions to be applied against stacking of units.

5/98/0751 Erection of 65 dwellings with associated roads, footpaths and landscaping at no.395 Winches Farm Lab., Wynchlands Crescent.

OBJECTIONS

1. The site plan is cramped with a poor quality of amenity to the houses to the front of the site. The trees are compromised on several of the plots making it highly likely that a serious loss of trees will occur both during building and in the subsequent period after completion due to loss of light/amenity for the occupiers. A TPO for this site has been granted to afford protection for the substantial amount of trees worthy of retention in this location. This application does not address this issue.
2. The Green Belt boundary is somewhat compromised detracting from the open aspect of surrounding site.
3. The site layout and design is unsympathetic, affording several of the plots a very poor quality of amenity or environment in their location. Some back-to-back distances are compromised.

6. PLANNING (CONT.)

5/98/0801A Relocation of Totem Sign at land at Lyon Way for H.R.Owen

Objections:

1. This is the same as an application 5/98/0639A. The issue with the Parish Council is that the highway vision is not obstructed by a clutter of signs near to the kerb side and that the opportunities to maintain a clear open aspect to the frontage along this area is kept to quite strictly.
2. Other applications in the surrounding area have all had restrictions placed on them to preserve and enhance the open rural aspect in their developments. It is not appropriate for existing businesses to compromise an existing principle or direction with their advertising equipment.

5/98/0788 Change of use from office to six bed residential unit and two storey rear extension at the Lodge, Hill End Lane for WHCH NHS Trust.

Objections

1. All other retained buildings on the site have been adapted and re-used without the need for extensions.
2. The Lodge is located in a very prominent position. Its modest size and unique character add to the open aspect and amenity planned for in this area fronting the Bryant Development - Abbotswood. Open grass areas, a cycleway, mature trees and amenity value, self-seeded trees and scrub, surround the building. An appropriate setting in a landscape development area.
3. The application is to increase the existing 172 sqm by 140 sqm practically doubling the size of the building and completely changing its character. Policy 13 of the LDP states that extensions are permitted unless the scale or visual impact upon the building as originally constructed would create a building of significantly larger or different character. It also states "Any extended dwelling shall be modest in scale and visually well integrated with its rural surroundings. This application does not provide that.
4. The actual extension removes the original wall of the garden and the whole of the existing garden. A huge area has been enclosed to the front of the lodge, which has always been open even before the redevelopment. An equally large area has been enclosed to the side of the lodge, almost up to the cycleway and when this is fenced it will make a narrow vulnerable corridor in what was an open area with mature trees (Policy 74)
5. This application is changing the amenity of the existing landscape area. Will the fir tree be likely to survive the building works? The whole curtilage is far too large and is detrimental to the amenity of this rural location.
6. Under Policy 62, community care units under this heading should be dispersed within the community in the interests of prospective residents and existing communities. The location of such developments in close proximity to each other in such a way as to undermine this policy will not be permitted.
7. This area has a high percentage of community care provision and an identical residential six-bed unit no more than 300 yards along Hill End Lane. The concentration of an identical provision in the same locality is totally unacceptable particularly when other community care provisions in the area have escalated.
8. Has any assessment been made of how many community care projects there are in this Parish?
9. The Parish Council is not aware of the function of the long-term use of this unit. If the patients are to be relocated into the adjacent community will this site then be used to relocate other possible care in the community projects perhaps for Harperbury Hospital?
10. While on balance this site needs to be used in some form, perhaps by the Health Trust, this application is not appropriate either by its size or its use. It is convenient and available but

6. PLANNING (CONT.)

the needs of the Trust make too much of a demand on the site and its location to justify approval.

The Parish Council recommends refusal under Policies 1, 13, 62 and 74.

Received a letter from the CDC Planning Department regarding the proposal to provide Parish Councils with a copy of all planning applications and related planning submissions in their area, commencing 1/7/98.

RESOLVED to write to the CDC commending this new initiative.

b) Appeals and Enforcement Notices

Received notification of an appeal by Notcutts against the CDC refusal to grant planning permission for an extension to the glass house.

RESOLVED to repeat the Parish Council comments made at application stage.

c) Planning Decisions

The Clerk to report that no planning decisions had been received since the last meeting.

7. OPEN SPACES

a) Colney Heath Common

i) Common Ranger's Report

Received the Common Ranger's report for May.

RESOLVED to include a reference to the local fights in the letter to Superintendent Westwood to emphasize the need for a community police officer in Colney Heath.

ii) Beating the Bounds 1998

Cllr. Crump reported on the Beating of the Bounds event held on 17/5/98.

Cllrs. considered the recommendations for action to be taken.

RESOLVED

- a) To ask Mr. Paxton to replace loose wooden post at Park Corner; relocate and repair boundary fence at Church Lane; replace broken boundary post at rear of 77 High Street
- b) To write to residents of Park Corner to ask them to remove their fencing on Common along riverbank or Parish Council will remove within 56 days.
- c) To ask Mr. Fowler to tidy up the Bill Franklin memorial garden at the Village Hall.
- d) That the Clerk arranges for the remaining Common boundary posts to be installed as soon as possible.
- e) To ask the CDA for advice on the clearance and/or development of the well at rear of 43 High Street.
- f) To ask the CDC Bikewise organisers for advice on the creation of a cyclepath on part of Colney Heath Common.
- g) To arrange for a lockable post to be installed between nos. 33 and 35 High Street after informing the residents of the action to be taken.
- h) To contact the DoE to ask whether permission was likely to be given for parking areas to be created on the Common on the existing concrete base from a former air raid shelter.

iii) Colne LEAP

Received the statement on Public Consultation and information on the production of an Action Plan to be launched at the end of September 1998.

RESOLVED to ask former Cllr. Mrs. Nash to study the statement and advise the Council if any further action was necessary.

7. OPEN SPACES (CONT.)

b) Recreational Areas

Received Cllr. Crump's report on items requiring attention in Roestock Park

RESOLVED

- a) To ask Mr. Paxton to replace missing posts around car park; repaint the football goal posts; repair the basket ball posts and rings; stain all seats and repair broken seat in play area; stain wooden entrance structure; paint swings; level surface of car park near gates.
- b) To obtain quotations for the resurfacing of part of the rink.
- c) To obtain a quotation from MG Engineering for the supply and installation of a new sign for the play area (and to quote for new signs at Boissy Park).
- d) To ask Mr. Roberts (HSRG Groundsman) for a quotation to repair fencing at entrance gates and remount signs.

c) High Street Recreation Ground

Received a letter from the Secretary of the Football Club, confirming the dates for Parish Council meetings at the Pavilion but informing the Council that a charge would be made for any meetings in excess of the 12 per year as specified in the lease.

RESOLVED

- a) that the Council informs the Football Club that the Council's calendar year was from May to April and it was felt inappropriate for the Club to charge retrospectively for meetings.
To inform the Club that the Council's solicitor had been asked to advise on the overdue rent review and whether any discretion could be made regarding additional use offsetting any increase in rent.
- b) To ask the Council's solicitor for advice on the rent review in light of the Council not increasing at the time specified in the lease. Whether a review could be backdated or an interim date introduced.
- c) To inform the Club that the Parish Noticeboard was damaged during a party at the Pavilion on Friday 5 June and to ask for information on whether the hirer was a Club member; whether the hirer was vetted beforehand; whether tickets were sold for the party; whether the hirer could be asked to contribute towards the cost of replacing the damaged noticeboard.

The Clerk reported that she was meeting a representative from the Youth and Community Service on 16/6/98 to discuss the possibility of starting a Youth Club at the Pavilion on a Monday evening as discussed at the informal meeting on 3/6/98,

RESOLVED to inform the Club of the meeting.

The Clerk reported that Redlands had delayed contacting the Council's solicitor regarding the acquisition of the strip of land adjacent to the ground due to staff re-organisation.

d) Park Ranger's Report for May

Received the Park Ranger's report for May.

Cllrs. were very concerned at the increasing backlog of work at the various recreational areas.

RESOLVED to ask Mr. Paxton if he felt the works required were achievable within the 12 hours per week allocated to the Park Ranger and to stress that the Council would need to look elsewhere if he was unable to carry out any contractual work within a reasonable time limit.

e) Community Park

There was no report on any matters relating to the Community Park.

7. OPEN SPACES (CONT.)

f) Highfield Trust

Received Cllr. Ellis' report on the recent meeting of the Highfield Trust.

Received a copy letter from CDC Technical Services requesting suggestions for the naming of the cul-de-sac at 1 Highfield Lane.

RESOLVED to suggest the name "Fieldhouse Enclave" for the cul-de-sac at 1 Highfield Lane.

g) Bullens Green Community Woodland

Received a report that the grass at the Community Woodland had not been cut for a long time and was very difficult to walk through.

RESOLVED to contact Watling Chase to arrange for the grass to be cut as soon as possible.

8. HIGHWAYS

a) Public Transport

No information had been received on Public Transport.

b) Smallford Trail

There was no further update on any items relating to the Smallford Trail.

c) Footpaths & Bridleways

Cllr. Brazier reported on footpaths and bridleways in the parish.

9. COUNCIL OWNED (OR TRUSTEE) BUILDINGS

a) Village Hall

Cllr. Brazier reported on matters relating to the Village Hall Council.

The VHC were still concerned about the potholes in the car park.

RESOLVED to inform Mr. Stayton that the Council now wished to accept his quotation for filling of the pot holes in the car park, and those on the Common behind the cottages, with hogging or Type One.

Further to notification that the Village Hall had been unsuccessful in its recent Millennium bid, received a letter from the Village Hall Advisor suggesting alternative avenues of funding.

Mrs. Jeffrey reported that she had written to ACRE to complain about the number of applications for such a limited number of awards and the fact that the Parish Council had spent £1000 to process the application. Mrs. Jeffrey had asked for the £1000 to be reimbursed so it could be put towards a smaller project.

The VHC had agreed to proceed with a smaller project and Mrs. Jeffrey asked the Parish Council to approve this idea.

RESOLVED that the VHC make one final attempt at securing a grant towards the full project and asked Mrs. Jeffrey to proceed with a lottery bid.

b) Charles Morris Hall

Cllr. Ellis reported on matters relating to the Charles Morris Hall.

There was concern over the fact that the gates to the front of the Hall had still not been re-hinged nor given their final coat of paint.

RESOLVED to ask Mr. Paxton to complete the job for which he had quoted.

Cllr. Ellis also reported that the metal gates to the Playing Field were in need of repainting.

RESOLVED to seek quotes for the repainting of the gates.

Received a request from Hertfordshire TEC to use Tyttenhanger Playing Field for a bouncy castle and barbecue at their summer fun day on 1/8/98.

Cllrs. were concerned that agreeing to the request would set a precedent for future events to be held on the field which was a public open space and therefore should not prohibit access by any member of the public.

RESOLVED to inform Hertfordshire TEC that the Parish Council was not prepared to grant permission for use of the Tyttenhanger Playing Field for the summer fun day on 1/8/98.

10. OUTSIDE ORGANISATIONS

a) CDA

Village Events Diary 1998

b) CPRE

Voice magazine - summer 1998

CPRE Annual Report 1998

Local Democracy Week - invitation for Parish Councillors to participate

Benefits R Us Open Day on 10 June 1998

Environment Act 1995 - Part IV - Local Air Quality Management

Hertfordshire Orchard Initiative - Orchard Survey 1998

Agenda for Business Forum on 21/5/98

Invitation to attend Community Conference on 13/6/98 at Rothamsted Experimental Station from 9.30 a.m. to 3.45 p.m.

h) West Hertfordshire Health Authority

Primary Care Groups in West Hertfordshire

11. STAFF

The Clerk reported that one member of staff had indicated their wish to join the superannuation scheme while three had chosen not to join.

RESOLVED

- i) to contact the three members of staff who had not replied to the request to opt in or out of the Superannuation Scheme to inform them that no reply would be taken as a decision not to join the scheme.
- ii) to send Itnet details of pay and employment of the member of staff who wished to join the scheme for confirmation of backdated contributions required.

The Clerk reported that Mr. Littlechild had unofficially notified her of his intention to resign from his position as Closed Churchyard Keeper.

Someone connected with St. Mark's Church had traditionally filled carried out the duties and the Clerk had asked the Churchwarden to inform the Council of anyone interested in taking over the position.

RESOLVED to wait for communication from the Church as to whether they were able to fill the post before advertising the vacancy on the Council boards and in the Chronicle.

Cllrs. considered the requirement to produce an employing authority statement of policy relating to the Local Government Pension Scheme Regulations 1997.

RESOLVED to contact the HALC for assistance with writing a LGPS statement of policy.

12. ST. ALBANS CITY & DISTRICT COUNCIL COMMITTEES

28/4/98 Road Safety Advisory Committee
26/5/98 Planning Sub-Committee South
27/5/98 Planning & Heritage Committee

13. URGENT BUSINESS

Care in the Community

Cllrs. discussed their concerns following the presentation by Mr. Bond at the beginning of the meeting.

RESOLVED to write to Roma Mills to ask for information on the various organisations responsible for providing care in the community facilities in the Hill End area and to ask for details of numbers of buildings and patients accommodated.

There being no further business the meeting closed at 10.45 p.m.
