2025/26 Item 86c Report to Council: Installation of Bollards at Tollgate Road / Coursers Road

Purpose of Report

To advise Council of a request from the Common Ranger to install bollards at the corner of Tollgate Road and Coursers Road, and to seek approval for the associated expenditure.

Background

Following recent in-depth repair works carried out by Affinity Water at the corner of Tollgate Road and Coursers Road, concerns have been raised regarding vehicle access and potential damage to the area. The Common Ranger has inspected the location and has suggested the installation of bollards to help protect the reinstated area and prevent inappropriate vehicle encroachment.

Proposed Works

The proposal is to install wooden bollards at the affected corner. The specification provided is as follows:

- Supply and installation of 6 wooden bollards
- Bollards to be installed with a minimum of 2 feet above ground

Cost

A quotation has been received for the supply and installation of the bollards at a total cost of £1,060 plus VAT.

Financial Implications

The expenditure would be met from the EMR for the Common Fund, which currently has a balance of £8,280 remaining at Month 8.

Sufficient funds are therefore available to cover the proposed works.
